Re: **Town of Lancaster Website**  
**Town History**

Dear Supervisor Fudoli,

The Town, through your office, has requested using excerpts from "Lancaster New York: Architecture and History," a book the Village Historic Preservation Commission published and copyrighted in 2007. The Town intends to incorporate the material within the Town History portion of its new website. In fact, Ed Mikula, the Town's Historian, currently sits on our Historic Preservation Commission.

The Town has a rich history which we all take pride in promoting. It is our distinct pleasure to allow the Town to utilize the narrative materials contained in the book, through permission from the Lancaster Village Historic Preservation Commission (its publisher), with proper credit to the book's title, editor James S. Keysa and the publication date of 2007.

I'm hesitant to release permission for use of the graphic materials at this time, as I believe they are property of the artists. Each artist would need to be contacted individually and we may wish to solicit their permission should you feel it necessary to include the drawings of the buildings.

Both the Town and Village contributed funds for the book project. You may wish to note on the website that copies of the book remain available at the Village Clerk's Office in the Lancaster Municipal Building at a nominal cost (\$15.00).

Should you have any questions or need anything further, please do not hesitate to contact me.

Sincerely,

Michael J. Meyer, RA  
Chair, Village of Lancaster Historic Preservation Commission
