What benefits does the program offer?

► Our new Learn to Swim Program is modeled after private swim club programs thus offering quality lessons.
► Our advanced swimmer program offers club style training for our swimmers who have gone beyond what our previous program offered.
► Levels are fluid; once your child has perfected that level they can move up to the next level, thus allowing each child to progress at their own rate.
► All the levels are offered during every time slot, increasing the number of time slots to choose from to accommodate your schedule and allowing siblings to take lessons at the same time.
► Each level focuses on one select skill at a time which results in a more proficient swimmer.
► Smaller class sizes for more individualized attention. The student to instructor ratio will be no more than 5 students per instructor.
► $20 per lesson per child

**Any questions, call Erin or Michaela at the pool 288-7211**

**Swim Lessons will be held July 1 - August 16**

**Toddler Swim**

This is for our swimmers who have passed levels 1-6 or who have previously participated in this program in the past. This program is split up between levels 7-9. This program will offer the training to progress their skills or prepare for the school swim team.

**Special Needs**
