

WHAT IS HAZMAN?

Hazman is a NYSDEC permitted household hazardous waste (HHW) collection facility in Tonawanda, NY, and accepts a wide variety of items that should be kept out of landfills. Even small amounts of household hazardous waste can cause big problems if not disposed of properly.

What is household hazardous waste? You might be surprised. It is everything from household cleaners and garden pesticides to oil based paints and stains. Items should be sealed in their original containers and triple bagged to prevent spillage. These household products require special attention in their use, storage and disposal.

A product is considered "hazardous" if it is labeled:

 **TOXIC**
poisonous or capable of causing acute illness

 **IGNITABLE / FLAMMABLE**
ignites and/or burns easily

 **CORROSIVE**
eats through other materials

 **REACTIVE**
can explode if exposed to heat, air, water or shock

SPONSER A HHW EVENT

We are offering businesses and organizations the opportunity to sponsor Hazman services – whether you want to offer discounted pricing for employees to drop-off at our facility or host your own HHW collection day for both your employees and your community. Sponsoring a HHW event demonstrates your company's commitment to the environment and is something that could be done year after year. Contact us for details.
