NEGATIVE DECLARATION
Determination of Non-Significance

Town of Lancaster Town Board

Dated: August 22, 2022

This notice is issued pursuant to Part 617 of the implementing regulations pertaining to Article 8 (State Environmental Quality Review Act) of the Environmental Conservation Law.

The Town Board of the Town of Lancaster has reviewed the proposed Robert James Sales site plan amendment for the addition of a truck dock and pole barn for vehicle storage at the existing site located on a +/- 47.71 acre-parcel located at 4543 Walden Avenue (SBL No. 95.00-3-25); and the Town Board has determined the project will not have a significant adverse environmental impact and that a Draft Environmental Impact Statement will not be prepared.

Name of Action: Robert James Sales Phase II Modifications #8109

Location of Action: 4543 Walden Avenue (SBL No. 95.00-3-25), Lancaster, New York 14086, Erie County.

SEQR Status: Unlisted

Description of Action: Modify previously approved site plan to add a truck dock and pole barn for vehicle storage.

Reasons Supporting this Determination: Potential environmental impacts associated with the Project were identified in the Environmental Assessment Form. The Town analyzed the project under the criteria for determining significance identified in 6 NYCRR § 617.7(c)(1) and in accordance with 6 NYCRR § 617.7(c)(2) and (3). As indicated below based on each criterion specified in 6 NYCRR § 617.7(c)(1), the Project will not have a significant adverse impact on the environment.

1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations? **No impact.**
2. Will the proposed action result in a change in the use or intensity of use of land? **No impact.**
3. Will the proposed action impair the character or quality of the existing community? **No impact.**
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)? **The Town of Lancaster has not established a Critical Environmental Area (CEA).**
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway? **No impact.**
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities? **No impact.**
7. Will the proposed action impact existing:
 - a. public/private water supplies? **No impact**
 - b. public/private wastewater treatment utilities? **No impact.**
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources? **No impact.**

9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora or fauna)? **Small Impact. Per the NYS DEC letter dated July 18, 2022, Hydric soils were identified within the proposed project site. Applicant should consult with the United States Department of the Army, Corps of Engineers Office regarding regulatory jurisdiction.**
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems? **No impact.**
11. Will the proposed action create a hazard to environmental resources or human health? **No impact.**
